LUXA

Miniature Slip Ring

Optical and Electrical Rotary Joints

This compact slip ring transfers electrical signals and power across a rotating interface. Power and signal circuits have different current ratings.

Technical specifications

Number of circuits	34 Channels
Rated current (A)	5 (Power circuits)/2 (Signal circuits)
Weight	≤200g
Diameter / Length (mm)	Φ15/40
Operating speed (RPM)	0 to 200
Operating temperature (°C)	-40 to +50
Ingress protection	IP51
